QUE TAN LE
PRIMARY EXAMINER

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach a device for detecting surface defects on the outer wall of a transparent or translucent object and its method, among other features, comprising: a uniform, extensive, broad light source for sending incident light beam onto the surface of the outer wall of the object; a linear sensor for measuring light beam reflected from a linear zone of the outer wall surface; means for providing relative movement between the object, the light source and the sensor so that the linear measuring zone over the outer wall being inspected; and a unit for analyzing and processing the light beams received by the sensor to create an image and to identify, within the image, the presence of a surface defect corresponding to a dark area.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

1) Lovalenti 4,584,469 discloses an optical system for detecting defect having a linear sensor device.
